

Trying to pay your CCW&S bill with your United Healthcare U-Card? If you have a United Healthcare plan that helps you pay your utility bill, please call 1-866-433-5273 or the number on the back of your U-Card to find out how to pay.

\* Please note that CCW&S card readers cannot accept the U-Cards, but United Healthcare does have a vendor who will make the payment on your behalf...and that payment could take seven days once your request is processed.

\* Customers who use the U-card are responsible for any fees or charges caused by missing the payment due date.
